Recent Projects

YearPrism

If you ever wonder what year or month you got your pet, bought a house or went on that wonderful vacation then YearPrism is for you! Store all your major life events in this easy to use app. Sort your events to see all the jobs you have had over the years or all of the work you have done on your house. Make notes about each event to remember valuable information you might forget about 10 years from now.

- React, JavaScript, Node.js, Express, PostgreSQL and CSS

Ultimate Tutor

If you play Magic: The Gathering you will enjoy this app. Create your own account and build decks online and search for the perfect cards to add to your deck.

- React, JavaScript, Node.js, Express, PostgreSQL and CSS

Celebrity Cocktail Party

A web app for planning your very own cocktail party. Using two different APIs for searching for cocktails and appetizers for your party. Then using a random celebrity generator you can give each guest a new celebrity name.

- HTML5, CSS3 and jQuery

Movie Quiz

A fun, interactive collection of 10 multiple choice questions about movies.

- HTML5, CSS3 and jQuery
